WHO WE ARE

Send us your questions or request a quick zoom chat with our Masters team. We help you find your voice in a cluttered postgraduate education market. We do this by telling your stories in a way that prospective students want to hear them. We show them that you are real through sourcing, producing and writing authentic content based on input from those closest to you. We influence their decisions by showcasing who you are.

We bring your school to life by sharing your messages on our two portals:

[**mastertube.com**](https://mastertube.com) for video content and

[**mastergradschools.com**](https://mastergradschools.com) for editorial content

Send us your questions or request a quick zoom chat with our Masters team.

We have been around for almost ten years and all our staff have worked in higher education before, so we get it. We know there is a wealth of stories lingering in your university – our passion is to ensure that they are told and shared with the world. Find out how by paging through our media kit.

“Our collaboration with MASTERTUBE goes back nearly 5 years. We have seen over time their capability of adapting to uncertainty and reinvent themselves to market needs: in 5 years we saw them go from a video profiling platform to offering media opportunities, in-house and bespoke video to video-content articles.”

1

Bumper ads

Bumper ads are 6 seconds or shorter and play before, during or after a video. Viewers don't have the option to skip it. These ads are perfect if you want to create awareness and if you want to reach a larger audience with a short, memorable message. You pay per 1.000 views which makes them very affordable.

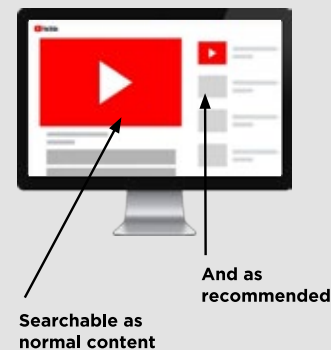

2

In-stream Skippable ads

In-Stream Ads appear before, during, or after video content and are skippable after five seconds. You pay on a cost-per-view basis and are only charged when someone clicks on the ad, watches 30 seconds of it, or watches the whole ad. Your in-stream ad can be up to three minutes long.

3

Discovery ads

Discovery Ads promote a video in places of discovery, such as next to related videos, as part of a YouTube search result, or on the YouTube mobile homepage. These ads are intended to promote a particular video by directing users to a corresponding YouTube channel page and great for growing reach with a highly interested audience.

D - YouTube Advertising

We offer 3 types of ads:

1. Bumper Ads (6sec)
2. In-stream Skippable Ads (29sec)
3. Discovery Ads

2 ADS (Bumper + In-stream Skippable)

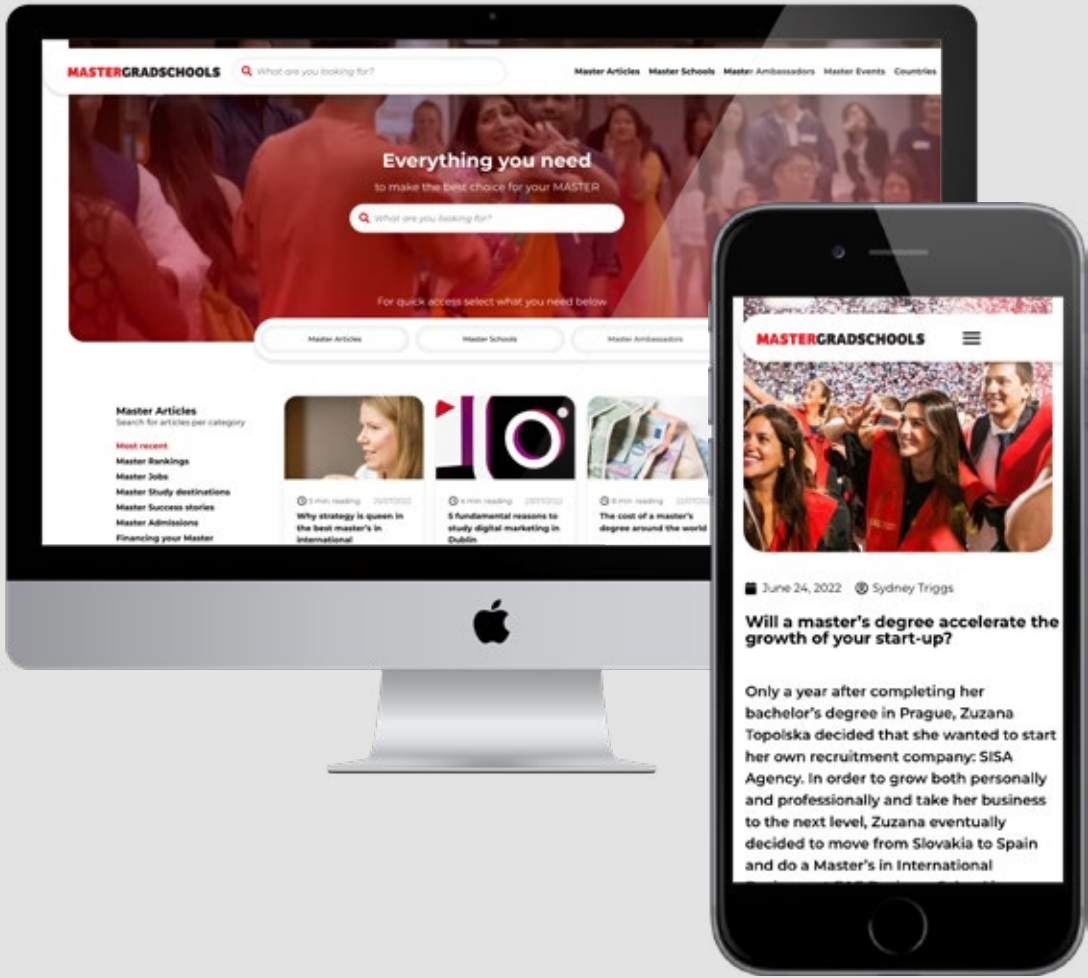

- **3 months** = €3,000
- **6 months** = €5,750
- **12 months** = €11,000

3 ADS (Bumper + In-stream Skippable + Discovery)

- **3 months** = €4,000
- **6 months** = €6,750
- **12 months** = €12,000
- includes budget spent
- budget spent can be increased for better result
- To demonstrate reach and lead generation capability, we suggest a minimum 2 ADS x 3 MONTHs trial
